

Kington St Michael CE Primary School School Council

Minutes of meeting held on 8th January 2008

Present: Jacob, Emily, Nell, Daniel, Charlie, Christopher, Lucy, Miss Cornelius

The Council looked at the quote and plan from the landscape gardener for the Nature Area. The total cost of this project will be £800. The school will pay for materials (fencing, paint, log seats, wood, etc.) and the £100 from the School council will pay for the work to be actually done (labour).

The Council were very pleased with the plans as all of the suggestions they had made had been included.

Work will begin this term.

We discussed what we felt were our successes as School Council members:

- Sorting out the Nature Area
- Gaining quotes from different agencies (contacting Wiltshire Wildlife Trust)
- Making the quiet area in the playground calmer and quieter for people

We discussed what we enjoyed about being a part of the Council:

- Being able to make suggestions and decisions about things in the school
- Making the school better for everyone
- Working as a team
- Seeing things happen as a result of their suggestions

Miss Cornelius thanked the group for being such good members of the council and for all their hard work.

Classes will now need to elect new members for Term 3 and 4.

The outgoing members suggested thinking about the replacement of the fence along the playground and the cross at the front of the school.

Agenda items for meeting to be held on 22nd January 2008

New council members to be welcomed and responsibilities discussed.

How can we ensure that children have someone to play with in the playground if they want to?

Please discuss these issues with your Class Council

Thank you
